

DESTINATION NOWHERE

**I'm ridin' on my motorcycle speedin' down the road
Trying to escape the pains of my life
I feel the devil runnin' through my veins
Speed in my brain and wind in my ears**

**Destination nowhere
I'm on a trip to hell**

**Sittin' in a bar drinkin' whiskey and beer
I have a good time with my friends
I'm listening to the music of a Rock 'n Roll band
No thoughts of tomorrow just sound in my head**

**Destination nowhere
I'm on a trip to hell**

Solo

**I'm laying on the beach and watch the sun go down
The birds are flying high, time is slipping by
I dream of all the places where I wanna go
Tomorrow I'll be back, - back on the road again**

**Destination nowhere
I'm on a trip to hell**
