

RIVER OF TIME

**Vers 1: Day by day passes by
You waste your time in an offhand way
You are young and life is long
You wait for someone to show you the way**

**Bridge: One day you wake up
And then you will know
Too many years are gone
and will never return**

**Refrain: I'm swimming in the river of time
And I'm doing just fine
I'm swimming in the river of time my friend
Hoping you will join**

**Vers 2: Time is a curious thing
You'll never know what it will bring
When you're happy time runs so fast
When you're sad it will not pass**

**Bridge: Live your life today
In your very own way
This special moment will never
come back in your life**

**Refrain: I'm swimming in the river of time
And I'm doing just fine
I'm swimming in the river of time my friend
Hoping you will join**
